My dear Mr Cutting

Mr Draper, who had not before seen this book plate, is very much disturbed by the wrong spelling of his wife's name - I would suggest that you have made at once another plate. Do you not think there

frequent use & the back-
part is in darkness.
Would you ask Finall or
somebody who will
act at once to put in
a light. Do not wait
for the Septr meeting.
there is no need of it
& there probably will
be no quorum - &
for one shall not be
there - Will you send
the bills with that

to be used. It is now in very bad shape.

As soon as Miss W. has the improved book plate she will substitute it for the defective one wherever used.

Excuse this long yarn.

Very truly yours

My dear Mrs. Morgan:

I have gone through our files and find that in 1944 we sent out a questionnaire to secure information about libraries which are operating pay collections. We have not brought the information up-to-date. However, I think it is of sufficient interest so that it is worthwhile sending you a copy.

Sincerely yours,

Catharine M. Yerxa

TOWN OF WAYLAND

PLANNING BOARD

WAYLAND MASS.

August 20, 1931

Board of Trustees
Wayland Public Library
Wayland, Massachusetts

Gentlemen:

Quite a number of plans of roads and property in the town have been accumulated by the Planning Board and they are being gradually added to. It is highly desirable that these be kept carefully in a place where the fire hazard is small and if possible where they will be accessible to town officers and citizens.

In discussing the matter at a recent meeting it was the opinion of the Board that the Public Library would be a suitable location where the records could be kept safely and receive proper care. The Board, therefore, voted to ask the library trustees if they would be willing to provide a storage place for these plans and maps and keep an index of them.

The Planning Board would much appreciate the co-operation of the library trustees and the librarian in this matter.

Yours very truly,

Howard S. Russell

Library Trustees,
Wayland,
Massachusetts

Gentlemen:

I trust that your Board will feel perfectly free to make use of my services if ever they are of value to them. There will doubtless be times when it will be inconvenient, tho necessary, for you to attend to some matter at the State House and if this is of such a nature as to make it possible for me to act for you, I shall be only too glad to add this service to the recognized one pertaining to legislation.

For your information my home telephone number is Lincoln 0209, where I may be reached before eight A. M. and after six P.M. The telephone number of the State House is Capitol 4600, House Lobby, where I shall be daily while the House is in session.

May I assure your Board again of my readiness to serve them at any time. I consider myself an employee of this District and if I cannot be of use to your Board my value as your representative is lessened by just that much.

Very truly yours,

Dear Edward.

I have been away the past ten days and found on my return your pleasant reply to my request.

I am sincerely obliged.

I neglected to say, that I have always understood the portrait was the work of Gilbert Stuart, who was so popular in the 1820's that every well to do Boston family wanted one of his pictures in their home.

I shall slip down to Mt Auburn and get the date of her birth and death.

Please tender my regards and respects to Sophie

And believe me

Sincerely Yours
